Diabetes Management Program (DMP)

For OhioHealth Associates

The OhioHealth Wellness Diabetes Management Program helps participants understand and better manage their condition to live a healthier lifestyle.

The OhioHealth Wellness Diabetes Management Program provides education, support and access to pharmacists to help participants better manage their overall health. This program is available to OhioHealth associates, spouses and dependents enrolled in myHealthPlan. Active participants receive discounts for diabetes medications and supplies through OhioHealth's outpatient pharmacies once any applicable insurance deductible is met.

Benefits of participation include improved blood sugar control and medication adherence as well as prevention of disease progression.

Eligibility is easy!

To be eligible for the Diabetes Management Program, participants must:

- Be an active myHealthPlan member through OhioHealth with a diagnosis of diabetes
- Complete telehealth appointments with a pharmacist
- Review your personalized care plan
- Be an active participant in the management of your care

Help with medication costs

As a Diabetes Management Program participant, once your deductible is met, the plan will cover formulary medications for diabetes at 100% of the cost.* Please note that until your deductible has been met, you are responsible for all medical and drug expenses.

Your medication must be filled through an OhioHealth pharmacy. Pharmacy locations include the New Albany Medical Campus, Marion General Hospital, Pickerington Methodist Hospital and Riverside Methodist Hospital.
